

Finish foils

Finish foil from Woodeco provide exceptional effects both in classic and modern interiors. It can be easily applied on a simple or even broken surface, quickly changing the interior design. The unique colour and texture of our furniture finish foil makes them unique. A wide range of our furniture finish foil allows you to freely choose the right material depending on the application. Particularly noteworthy is the re-lacquering film, which can be self-lacquered without worrying about the final look of the decor.
